

A SPELL FOR JUST A LITTLE NUDGE...

Tools:
Lighter
A pink candle
Musk oil
Pin
Marjoram herb

A small pink cloth with the words
"dream of me, be with me" on one side
and "just a little nudge" on the other

Little pink or red pouch
metal or glass plate

What to do: Cast the circle, call the quarters, the usual...
Dim the lights, leave a candle burning if you wish. Take the pink candle and anoint it with the musk oil while thinking of the intended. Scratch the name of the person on one side of the candle with the pin and the word love on the other. Place the pink cloth in the plate with the "just a little nudge" facing down. Light the candle and affix the cloth to the plate by letting hot wax drip on the corners of the cloth.

While visualizing your desire, use the wax drippings to form the shape of a heart in the middle of the cloth. Drip some wax in the center of it and place the candle there. With the candle burning, empower a pinch of marjoram by pinching it tightly between your fingers and feeling energy flowing into it. Sprinkle the marjoram on the place touching the heart and candle. Let the candle burn down. Crinkle the hard pool of wax as much as you can while thinking of your desire. Take the remains of wax, marjoram and the cloth and put them in the small pink or red pouch.

Sleep with the pouch under your pillow and by using dream direction, allow yourself to dream of the intended (even if in the morning you don't remember the dream, don't fret, you probably dreamed of the person) Sleep like this for as long as needed until the day comes when you are going to meet the person.

Then, take the pouch with you. When you see that person, wait until the time is right. Close your eyes and touch the pouch. Feel it's power. Open your eyes and glance straight at the intended.

So mote it be!

VENUS LOVE SPELL...

Begin the spell on Friday, the day traditionally associated with Venus.
Repeat the ritual for seven consecutive nights.

One Red Heart Cloth
One Red Candle
One Mirror
One White Cloth
Seven Pins

One Scent of Venus Incense Stick (or you can substitute this for rose, basil or lavender) After a cleansing ritual and relaxing bath, perfume your body with Ylang Ylang oil. Choose a magic area in your bedroom, lay out a white cloth and position yourself in front of the mirror. Cast a protective circle, light the candle and incense, focus on your sexual energy and chant...

"I call thee, beloved one,
To love me more than anyone.

Seven times I pierce thy heart,
Today the magic of Venus starts.
I bind thy heart and soul to me;
As I do will, so let it be."

Repeat the chant seven times, placing pins in the heart one at a time after repeating...

"Seven times I pierce thy heart".
Snuff out the ceremonial candle and incense.
Leave the pins in the heart until the following night."

A PENNY FOR LOVING...

From Earth, Air, Fire, & Water
By Scott Cunningham

The use of a penny in this spell may need some explanation. Older pennies are made from copper, and copper is the metal of planet Venus and of the element of Water, both loving energies. That's why a penny is used here.

To smooth the path of a rocky relationship, Visualize you and your mate enjoying happy times, giving full attention to your love. Pour this energy into the penny that you hold in your projective hand. Then toss the penny over your right shoulder into a well while saying...

"Coin of the realm,
metal of Venus,
Ensure that naught will
Come between us.
Strengthen our love
This magical day,
This is our will
And this is our way."

Note: This will be affective only when both parties are attempting to improve the relationship.

~LAVENDER~

To write a successful love letter, rub the entire sheet of stationary with lavender before you start writing. Use Dove's blood ink when possible. If you use the Lavender and ink as prescribed the recipient will be unable to resist whatever you ask or offer. This method can be used for business letters as successfully as personal ones..

~LOTUS~

To find out if the man you love returns your love, carry two pieces of lotus all day, one in each pocket. At night place one piece at the head of the bed and one piece at the foot. If the man loves you, he will appear to you in a dream. This spell may be tried for three days in a row, but not more. You must then discard the lotus and wait one full month before repeating the spell..

A Strong Spell for Love and Passion

you will need:

fire

rosehips

a red paper heart

Write your name and the name of the person you wish to love you upon the red paper heart. Build a fire, and when the flames are at their fullest throw in the rosehips. Concentrate and picture the person in the fire, and then say:

God and goddess, I appeal to you

>From fire's breath and love anew

Roses offered through the flames divine

Take (name of person)'s heart and make it mine!

Hold the paper heart to your heart, and then throw it into the fire. Watch it burn to ashes, and then close the spell:

God and goddess, your help I seek

To turn aside emotions weak

And help true love bind me to this,

I seal my spell with passion's kiss!

As an ending to this ritual, for love is a dangerous thing to play with, you might consider adding "and if it is not for the good of all, may my spell not come to pass."

Blessed be
