INTRODUCTION

He will give his angels charge of you to guard you in all your ways. On their hands they will bear you up, lest you dash your foot against a stone - Psalms 91: 11-12

In the first volume of the **Sacred names series**: "The 72 Names of God: The 72 keys to Transformation" I discuss the 72 names of God and how to use them to transform your being. These names were derived from the 3 biblical verses below.

" ¹⁹ Then the angel of God who was going before the host of Israel moved and went behind them, and the pillar of cloud moved from before them and stood behind them, ²⁰ coming between the host of Egypt and the host of Israel. And there was the cloud and the darkness. And it lit up the night^[a] without one coming near the other all night.

²¹ Then Moses stretched out his hand over the sea, and the LORD drove the sea back by a strong east wind all night and made the sea dry land, and the waters were divided."

Exodus 14:19-21

I stated that the names were derived from the original Hebrew. I go into great depths in that book and I highly recommend you read it **IF** you want background. In saying that, you can still use this book without worry. In this text, we will discuss the 72 angels that correspond to the 72 names of God. Each angel has its purpose. Working with the angels, in many ways, is a much more personal encounter than simply calling on the names of God.

Although God is both transcendent and imminent; angelic beings tend to be imminent and interact with humanity in very direct ways.

In this book, we will discuss how to communicate with these angels. We will not be using any fancy and complicated rituals. With all due respect to those who plan elaborate rituals, the rituals end up being more of a distraction. The angels do not require certain hours of day or night or certain colors or garb. They are not human that they require such trivialities. Do you think an angel with a limitless mind requires such limited and minute actions to get its attention? I know this may completely contradict what you have heard, but logically, this is so. If you are looking for elaborate rituals, you will be disappointed in this book. This book is for people who want a direct connection. Not those who wish to mire themselves in complexity that in actually, is contrived. We know where many of those rituals in all those Grimores come from and I assure you, the complexities are formalities only and not necessary for deep connection with these angels. With that, I will go into the significance of the 72 names of God and then proceed to the names of the angels. And finally, how to call upon them to help you.

Chapter 1: The Significance Of The 72 Names Of God

(Excerpted from "The 72 Names of God: The 72 keys to Transformation")

As I mentioned earlier, the 72 names of God is derived from the Exodus 14:19-21. In reality, the 72 Names of God are essentially 1 name comprised of 216 letters. So in that sense it is a name with 72 parts. The name is divided into triads which means that every name is comprised of 3 letters. To create the first name you combine the first letter of Verse 14:19 the last letter of Verse 14:20 and the first letter of verse 14:21. You would continue this until all the letters in these verses are used.

Here is what these verses look like in Hebrew.

- יט וַיִּפַע מַלְאַדְּ הָאֱלֹהִים, הַהֹלֵדְ לִפְנֵי מַחֲנָה יִשְׂרָאֵל, וַיַּלֶדְ, מַאַחֲרִיהֶם; וַיִּפַע עַמּוּד הָעָנָן, מִפְּנֵיהֶם, וַיַּעֲמֹד, מֵאַחַרִיהֶם.
 - בַּ וַיָּבֹא בֵּין מַחֲנֵה מִצְרַיִם, וּבֵין מַחֲנֵה יִשְּׂרָאֵל, וַיְהִי הֶעָנֶן וְהַחֹשֶׁדְ, וַיְאֶר אֶת-הַלָּיִלָה; וְלֹא-קָרַב זֶה אֶל-זֶה, כָּל-הַלָּיִלָה.
 - כא וַיֵּט מֹשֶׁה אֶת-יָדוֹ, עַל-הַיָּם, וַיּוֹלֶדְ יְהוָה אֶת-הַיָּם בְּרוּחַ קָדִים עַזָּה כָּל-הַלַּיְלָה, וַיָּשֶׂם אֶת-הַיָּם לֶחָרָבָה; וַיִּבָּקְעוּ, הַמָּיִם.

Here is the English once again: " ¹⁹ Then the angel of God who was going before the host of Israel moved and went behind them, and the pillar of cloud moved from before them and stood behind them, ²⁰ coming between the host of Egypt and the host of Israel. And there was the cloud and the darkness. And it lit up the night^[a] without one coming near the other all night.

²¹ Then Moses stretched out his hand over the sea, and the LORD drove the sea back by a strong east wind all night and made the sea dry land, and the waters were divided."

Exodus 14:19-21

For Illustrative purposes I will show you how some of the names are derived from the 3 Hebrew passages.

For the first name, I will highlight the letters in yellow, second name in red and third name is green. I will not go through this process for every name, I just want to show you how the names were derived. All the names will be derived for you at the end of the chapter so you do not need to do this laborious process yourself.

As you can see, it is not too difficult extracting the names from the passage. According to the Jewish Mystical tradition, the discovery of the 72 names was a huge spiritual breakthrough. The prime text in the Jewish mystical tradition (The Zohar) states that the moment Moses discovered the 72 names and how he could use them this changed everything for the Jewish people. As they were crossing the Red Sea at first, the water did not part. They were up to their necks in water. But when , In faith Moses used the 72 names of God, the water parted. In was only after this event did the actual verses get put on paper. As you can see, it is not so much history as it is a story behind the name and where it came from. This lack of historical evidence is by no means an indication that it is not true or powerful .

One thing we do know for certain is that the names are powerful. People from all over the world and from all walks of life have used these names to change their lives. If you want to learn how to use the names please check out "The 72 Names of God: The 72 keys to Transformation" . In this book we will discuss only the angels.

Chapter 2: What Is An Angel?

Almost every religion in the world believes in angels of some sort or another. Angels are entities that are often considered helpers of God. They are also considered helpers of mankind. They are intermediates of divine will and each angels has a purpose. No angel is every sitting idle.

The word angel is derived from the Green "Angelos" which means messenger. In Hebrew the word for angel is Malach which also has the same meaning.

Generally speaking, Angels are spiritual beings without a physical form. Although the bible and other spiritual texts describe them with wings and other limbs. They are, in essence, pure divine energy. The reason they are described with a body is so we can experience their energy with our senses. Since we are sensory driven, the angels will cloth themselves in ways that would allow us to interact and identify them.

As I stated earlier, Angels are messengers and helpers of God. Every angel has its purpose. For example, the Angel Raphael is Gods servant of healing. The major angels are constantly relaying Gods divine energy through them for us and the universe in general. Some angels do this work for all eternity while some angels are created for one purpose and mission and when that mission is complete, they no longer exists.

In Jewish tradition it is said that whenever a person does a good deed, they "create" an angelic advocate. This also applies if a person does an evil deed; they create an angelic accuser. These angel advocates are created from the mental and emotional energy you expend when you commit the act.

The angels we will be calling in this text are angelic beings that are linked with the 72 Names of God. Each angel has its purpose as does each name of God. If you would like to know the meaning of the names of God please refer to book 1 of this series. The 72 Names of God: The 72 keys to Transformation"

Before we go on to the angels I want to say one thing that I think is of utmost importance. Although we are discussing angels that are linked to the divine names of God, it does not mean these Angels are temperamentally the same. While some convey positive energy, others convey negative energy. In saying that, let's not confuse negative energy with evil. Just like there is a positive and negative charge in a battery, so do the angels. Each side of a battery is neither good nor evil, they are simply polar opposites to create the charge. The same for angels. Some of these angels will have a negative charge.

In the next chapter I will itemize the names of the angels and what they do.

Chapter 4: How To Tap Into The 72 Angels Of The Name

In order to tap into the powers of these angels we need to follow a few VERY SIMPLE steps. Unlike other books on this topic, we will not be doing anything elaborate or time consuming. These energies are spiritual and are not subject to human temperaments. It is silly to assume that we need to cast circles and point to the various directions in order to summon the angels. Do you really think a circle of salt with a few names of God are going to contain these energies? It won't. They are, for all intents and purposes omnipotent compared to the physical world. They are also working through Gods will. We can only ask them for assistance but in no way are we subjugating them nor will they be subjugated by contrived rituals that even the users who condone them do not know where they really originated from.

Individuals with the titles "Frater" or "Soror" or what have you are simply role playing in occult fraternities and have no real "power" over you and thus there is no need to think we must always listen to those who have these contrived rankings of self importance. In many ways, modern occult fraternities as well as old ones such as the Golden Dawn are playing a kind of elaborate dungeons and dragons so to speak. Its role play and completely psychological ,even if the participants are not conscious of it.

Most rituals are used to Anchor the mind but they do nothing to the spirits. In the 72 sessions that will follow, I will chose an issue based on the angels functions as examples. You may have other issues you may want to use. I will use most common.

Conclusion

We have come to the end of this text. I know it might not seem like much, but what you have just learned here will unlock your potential. Often we are beguiled by overly complex methods of magic. We think " if it is elaborate and complex, it must be good." This, my friend ,is not the case. Our ability to contact angels is meant to be easy, not hard. Anyone who tells you that we must work and toil in order to connect to the angels is not telling you the truth. Just on a logical basis alone it doesn't make sense to have to toil to BE what you already ARE. Less is More.

I am confident that by simply doing these exercises with the 72 angels, you will gain great benefit. They are, after all, the 72 Angels of the Name.
